RE: Jonathan Marks and Heather Marks

IN RE: Emergency temporary custody of their four children

TO WHOM IT MAY CONCERN:

I know both Jonathan and Heather Marks well. They were members of our church and served as missionaries through our church for several years.

Jonathan has abandoned his family. He has struggled with addiction the entire time I have known him. While still living here in our area, Jonathan was abusing Tramadol and Fioricet. He has ordered drugs via the internet etc. I feel that the children would be at risk if placed with Jonathan.

I know Heather Marks very well also. Heather has been a very compassionate and loving parent. She has faithfully cared for the children while dealing with an abusive husband.

Please consider this letter my personal and pastoral recommendation for Heather Marks having the custody of her children.

Sincerely,

W Austin Gardner
